INSTRUCTIONS FOR USE

1. Open the product after cleaning up the face.
2. Remove the yellow sheet among the protective sheets attached to both sides.
3. Attach the patches in the direction from which the yellow protective sheet was removed so that it touches the skin, and adhere it to the forehead and neck.
4. After slowly removing the white protective support remaining on the surface, tidy up the surface.
5. Remove it after attaching it for the desired amount of time.
(Recommend 4hours~sleeping)
